

Subject: Invitation to a Discussion Table

Dear Madam,

As part of the second cancer plan, we are managing a project focusing on an alternative to post-oncological rehabilitation. This project is initially dedicated to individuals who have suffered from breast cancer. Specifically, six women would start the program on the same day and undertake most of their therapies within the same group, while allowing for individual adaptations for therapies as needed. The program would be pre-established and uniform for all patients, with the option to return home on weekends.

We are currently in the preliminary phase of the project, during which we are seeking input from individuals who have faced the challenges of breast cancer. Therefore, we are looking for English-speaking participants for a workshop (discussion table) and hereby invite you to an exchange meeting scheduled for **May 8, 2024, at 2:00 PM at the Rehabilitation Center of Château de Colpach**. During this meeting, we will discuss the project in detail, its challenges, and the various perspectives that could shape it. This meeting will consist of a maximum of 10 people and will aim to maximize participant expression.

The meeting is expected to last no more than 1.5 hours, travel expenses will be reimbursed, and a small surprise will be given as a token of appreciation for your time.

If this meeting interests you and you would like to participate, we invite you to indicate your availability by sending us an email with your contact details (name, first name, and mobile phone number) to the following address: [camille.clausse@croix-rouge.lu](mailto:camille.clausse@croix-rouge.lu).

We sincerely thank you for your commitment and look forward to meeting you to gather your input and enrich a project that may help us better meet the needs of our healthcare system.

Looking forward to our meeting, please accept, dear madam, the expression of our sincere regards.

Camille Clause  
Project Manager

Jean-Philippe Schmit  
Chief Executive Officer
